LAWS AND REGULATIONS

PROMULGATED TO GIVE EFFECT TO THE PROVISIONS OF THE INTERNATIONAL TREATIES ON NARCOTIC DRUGS AND PSYCHOTROPIC SUBSTANCES

In accordance with the relevant articles of the international treaties on narcotic drugs and psychotropic substances, the Secretary-General has the honour to communicate the following legislative texts.

BOLIVIA

Communicated by the Government of Bolivia

NOTE BY THE SECRETARIAT

(a) Some editing of texts may be done by the Secretariat in the interest of clarity. In this connection, words in square brackets [ ] have been added or changed by the Secretariat.

(b) Only passages directly relevant to the control of narcotic drugs or psychotropic substances have been reproduced in this document. Non-relevant parts of laws and regulations have been deleted by the Secretariat; such deletions are indicated by [...].

MINISTERIAL RESOLUTION No. 0223 of 9 March 1992;
Resolution further extending Schedule V of Law 1008.

WHEREAS:

The Under-Secretariat for Social Defence, following a study, examination and evaluation of the chemical substances and precursors capable of being used illicitly, pursuant to a recommendation and taking account of the opinions of international and private bodies, requests that this Ministry issue a resolution further extending Schedule V of the annex to Law No. 1008 1/ on the basis of a list of the new chemical substances under control.

In view of the existence of new chemical substances which need to be controlled in order to avoid their diversion into drug trafficking, the Ministry of Social Security and Public Health, pursuant to article 26 of Law No. 1008, is the only organization entitled to order the further extension of Schedule V of the annex to the Law referred to and this Ministry's Resolution No. 769-90.

For the purpose of possessing a unified and technically manageable instrument systematically coordinated with the nomenclatures of the BCCC (Brussels Customs Cooperation Council), in use until September 1991, and the new nomenclature of the HSCG (Harmonized System for the Classification of Goods) presently in force in the country, in order to offer a better administrative control service and to facilitate commercial and industrial activity, requests that a single list of controlled chemical substances be established.

THEREFORE:

Having regard for the reports of the National Department of Pharmaceutical and Laboratory Medication, together with those of the Legal Consultant's Office coming under this Organization, the Ministry of Social Security and Public Health, in exercise of its legitimate powers:

V.92 55015 3325E

RESOLVES:

Article 1. To add to Schedule V of the annex to Law No. 1008 and Ministerial Resolution 769/90 issued by this Ministry, the new chemical substances, a list of which is as follows:

Benzoic acid (benzenocarboxylic acid)
Acetyle chloride
Benzoyl chloride
Potassium carbonate (potash)
Calcium oxyde (quicklime)
Kerosene
Gasolene
Diesel (diesel oil)
Turpentine (essence of terebinth)
Methylisobutylketone (MIBK)
Methylene chloride (dichloromethane)
Carbon tetrachloride (tetrachloromethane)
Trichloroethylene
Perchloroethylene (tetrachloroethylene)
Carbon disulphide
N-hexane
Ethyle alcohol (ethanol)

Article 2. In order to have an instrument for the surveillance of the controlled chemical substances and precursors, listed in Schedule V of the annex to Law No. 1008, in Ministerial Resolution No. 769/90 and in the present extension that will facilitate commercial and industrial activity as well as the handling and application by administrative control organizations, it has been combined into a single list composed in the following manner:
